

THE THIRD AGGREGATE MEETING OF GLENCORE LODGES

Comrades

The last Aggregate Meeting of Glencore Lodges saw in excess of 1,300 Coalminers support the call for continued coordinated industrial action against Glencore as they are stealing job security from their Employees and undercutting conditions by the use of numerous contractors at their mines.

We are making progress at each site where bargaining is occurring and Glencore is now talking, but we need to keep up the pressure and send them a strong message that we require:

- ✓ **Secure Permanent Jobs**
- ✓ **Equal Terms & Conditions for Contractors**
- ✓ **Fair Redundancy Pay**

There will be a report on each EA negotiation and where each Lodge is at with their bargaining.

Singleton Showground Glencore Coordinated Action at 10 July 2017

The next Aggregate Meeting of Glencore Lodges has been set for Tuesday 15 August 2017, coinciding with a 4 day stoppage of Glencore mines. The meeting is again at the Singleton Showground commencing at 9:30am. We extend an invitation to all Mineworkers who are rostered off work on Tuesday 15 August to come along and support Mineworkers who work for Glencore.

We want to show true solidarity and send a message to Glencore and all the other Coal Bosses that we have had enough of insecure work and we are fighting back, one pit and one Agreement at a time.

Tony Maher (CFMEU National President), Dave Noonan (CFMEU C&G National Secretary) and Paddy Crumlin (MUA National Secretary) will address the meeting.

We recognise that it will be a difficult battle, but together we will make a difference. Come along and show your support.
